

CNC Operator

Job Summary:

KG Stevens is the largest solid surface and granite/quartz fabricator in Wisconsin and due to our tremendous growth, we are looking for a 1st or 2nd Shift CNC Operator to join our team! Our company is comprised of over 150 dedicated employees serving the commercial and residential building & remodeling industries.

Daily Responsibilities:

- Set-up, program and run two multi-axis CNC's simultaneously at a high rate of efficiency, accuracy and safely
- Use overhead crane to load and unload slabs of granite and quartz on and off CNC machines
- Appropriately supervise and operate CNC controls to ensure cuts and routes meet specifications
- Monitor and make necessary adjustments to machines to continuously produce better results
- Keep work area clean and orderly
- Maintenance on equipment
- Notifies Shop Foreman of any material defects or discrepancies
- Keep projects on track with constant monitoring and updating of project data
- Assist with various other duties as needed

The Ideal Candidate Would Have the Following Experience:

- CNC Operator with 1 to 2 years of experience in stone industry OR possess a strong desire to learn
- CNC Set-up, programming, operation, and maintenance
- Experience with other automated stone fabrication machinery/saws
- Knowledge of AutoCAD

Qualifications:

- High school diploma or equivalent
- Understand technical information on drawings/plans in English
- Time management and ability to multi-task
- Ability to follow instructions, read paperwork and communicate with others to complete tasks
- Aptitude for problem solving while working in a fast-paced environment
- Ability to take measurements and make calculations
- Possess computer skills and have an ability to learn our job tracking software program

- Ability to work independently with little supervision
- Be safety conscious
- Have a positive attitude, possess a strong work ethic, and have a desire to work with and help others achieve our production goals
- Possess the desire to learn a new skill

Working Conditions

While performing the duties of this job, the employee may occasionally be exposed to airborne particles and moderate to high noise levels while in the shop. Safety equipment is provided for employees that will be in these areas. In addition, the employee will be standing for long periods of time and must be able to handle hot and cold temperature changes.

Physical Requirements

While performing the duties of this job, the employee will occasionally need to lift or move objects over 70+ pounds. Must be able to properly bend, reach and lift without reasonable accommodations.

Why Join Our Team:

With the growth of the company, new and exciting projects are limitless, and we are looking for someone with the skill set, creativity, and customer service skills to continue helping us grow and come up with innovative ideas for our residential and commercial customer base throughout the United States. This position brings opportunities to prove your design capabilities and learn from other experienced industry professionals while working in our new state of the art manufacturing facility featuring some of the most advanced equipment available.

We continue to employ great employees by:

- Offering a full-time position with competitive pay based on experience and qualifications, job stability, and opportunities for advancement
- Having a comprehensive benefit package that includes:
 - Health Insurance with employer premium contributions
 - Dental/Eye insurance
 - Life Insurance
 - Short Term Disability
 - Paid time off
 - Holiday Pay
 - 401K, with employer contribution

We are proud to be an EEO/AA employer.
